4.5	Customer help points;	Y	Y	Y
4.6	Display and announcement^Δ (with equal prominence of every Passenger Operator and its Associates), via such passenger information systems as appropriate , of such up-to-date and comprehensible information relating to the passenger services as the Station Facility Owner is reasonably capable of displaying or announcing; ^Δ Announcements will not be made by the Station Facility Owner in the International Zone ^Δ Passenger information systems in the Domestic Southbound Zone are owned and maintained by the domestic franchise operator.	Y	Y	Y
4.7	Display at the Station of informational signing indicating the location and opening hours of the ticket offices, which will be unbranded for UK travel;	Y		
4.8	Communication to passengers of such up-to-date train running information as is available to the Station Facility Owner and as relates to, or is likely to relate to, or be relevant in relation to, all railway passenger services operated by Passenger Operators; ^Δ Communication systems in the Domestic Southbound Zone are owned and maintained by the domestic franchise operator.	Y	Y	Y
4.9	Liaison with the relevant authorities to ensure as far as reasonably practical that access to the Station is signposted from all the main access routes for both motorists and pedestrians, and that all signs are clean and unambiguous;	Y		
4.10	The provision of appropriate written messages and announcements when there is a failure of the amenities referred to in paragraphs 2.1 and 4.5 of this Annex 1;	Y	Y	

4.11	Management of the arrival/departure of road services substituted for rail services for whatever cause;	Y	Y	
4.13	Provision of an emergency and disruption preparedness plan in consultation with all Passenger Operators;	Y		Y
4.14	Provision of arrangements promptly to follow up reports of lost property. Details of how to trace lost property to be always available whilst the Station is staffed and assistance in tracing lost property through the Station Facility Owner and Passenger Operator's lost property procedures to be given whenever reasonably practical;	Y	Y	
4.15	Prompt forwarding to the relevant Passenger Operator's representative as notified to the Station Facility Owner, of any customer's letter or verbal complaints received relating to the passenger services of that Passenger Operator within 3 Business Days of receipt;	Y	Y	Y
4.16	Provision of a briefing system for Station staff, which all staff on the Station regularly attend and which include:	Y	Y	Y
	4.16.1 Briefing on the requirements of this Annex 1;	Y	Y	Y
	4.16.2 Prompt circulation to staff of each Passenger Operator's staff newsletter, or other briefing material supplied by Passenger Operators;	Y	Y	Y
	4.16.3 Opportunity for personal briefing, on up to four occasion per year, by each Passenger Operator who shall be invited to join Station Facility Owner's briefing meetings;	Y	Y	Y
4.17	Organisation of regular contract review meetings between the Passenger Operator's and Station Facility Owner's representatives on a three monthly basis (or at such a frequency agreed between the Passenger Operators and the Station Facility Owner) and thereafter prompt provision of formal minutes of the Contract Review Meeting to the relevant Passenger Operators. Agenda items to this meeting to be proposed 2 weeks before the	Y	Y	Y

	meeting by the Station Facility Owner or any relevant Passenger Operators;			
4.18	Provision of and access to view the following at reasonable times upon reasonable notice:	Y	Y	Y
	4.18.1 The Safety Policy for the Station;	Y	Y	Y
	4.18.2 Relevant information from the Station Facility Owner's Safety Authorisation or (where applicable) the Safety Authorisation of the Station Facility Operator including in either case risk assessments for Station activities;	Y	Y	Y
	4.18.3 The Station evacuation arrangements;	Y	Y	Y
	4.18.4 Records of all staff and public accidents at the Station and to accident investigation reports;	Y	Y	Y
	4.18.5 Three-monthly health and safety planned inspection report of the Station;	Y	Y	Y
	4.18.6 Self/external safety audit reports of the Station;	Y	Y	Y
	4.18.7 Station Operations Manual	Y	Y	Y
	4.18.8 Maintenance manuals and records	Y	Y	Y
	4.18.9 The building management system	Y	Y	Y
4.19	Additional customer services as specified in Appendix 1 to this Annex 1	Y	Y	
4.20	In providing the Common Station Services set out in this Annex 1, the Station Facility Owner shall procure that all the requirements of the specification set out in Appendix 1 to this Annex 1 are complied with where applicable, and that all staff employed on the Station are appropriately trained and competent to provide the specified services;	Y	Y	

4.21	Trolley management in accordance with Station Operations Manual;	Y	Y	Y
4.22	GSM-R radio and handsets for Users;	Y	Y	Y
4.23	CCTV equipment;	Y	Y	Y
4.24	Taxi management;	Y	Y	
4.25	Station data network.	Y	Y	Y

5. **Opening Hours**

The Station shall be open for the use of staff of Users and their Associates (other than passengers) for the following hours:

Mondays to Saturdays	24 hours
Sundays	24 hours

and to the public for the following hours:

Mondays to Fridays	04:30 to 23:15
Saturdays	05:30 to 23:15
Sundays	07:00 to 23:15

Except for Christmas Day on which day the Station will be closed

provided that the following amenities shall be open only for the period indicated below:

Public Toilets:	At times when the Station is open to the public
Customer Service and Lost Property Offices:	At times when the Station is open to the public
Electronic Passenger Information Systems and Public Address Systems:	At times when the Station is open to the public

6. **Station:**

Station Name: Ebbsfleet International Station

Address: International Way
Ebbsfleet Valley
Swanscombe
DA10 1EB

The Station shown on the Plan includes the boundary walls, fences and gates belonging to the Station.

7. **Default Interest Rate**

7.1 2 per cent. above the base lending rates published from time to time by HSBC Bank plc during any relevant period.

8. **Core Facilities**

8.1 Those spaces for the parking of motor vehicles by employees of a User which are necessary in order to facilitate the safe and/or efficient operation of trains to and from the Station by the relevant User;

8.2 Those offices and storage spaces which are necessary for use by a User in order to facilitate the safe and/or efficient operation of trains to and from the Station by the relevant User;

8.3 Those ticket sales and passenger information facilities which are necessary to obtain tickets for and information about the train services provided to or from the Station by a User; and

8.4 The mess rooms, cloakrooms and staff toilets used by employees of a User.

APPENDIX 1 TO ANNEX 1

Specifications for Common Station Services

PART 1

1.2 Internal Station Environments (Public Areas)

(Includes but is not limited to: Ceilings, Hard Floors, Soft Floors, Vertical Surfaces, Edges & Ridges, Fixtures & Fittings, Furniture, Lifts & Escalators and Sanitary Fittings).

ACTIVITY	ACCEPTABLE ON COMPLETION OF TASK	ACCEPTABLE BETWEEN CLEANING TASKS	PARTICULAR REQUIREMENTS	FREQUENCY LEVEL
Litter Picking	Free from cigarette ends and other removable litter and debris.	Some litter or debris arising from usage between cleans.		Level 1
Chewing Gum Removal	Free from loose and impacted chewing gum.	Some chewing gum deposited between cleans.		Level 2
Graffiti, Stickers & Posters Removal	Free from graffiti, stickers fly posters and removable stains e.g. glue marks.	Some graffiti that cannot be removed by normal cleaning processes. Some graffiti, stickers and posters deposited between cleans.		Level 1
Standard Cleaning	Uniform appearance Free from debris, dust, cobwebs, spillage, removable stains, superficial marks and loose or impacted debris including stickers, chewing gum, fly posters, etc. Mirrors and glass polished and smear free.	Some spillage, removable stains, superficial marks and impacted debris arising from usage between cleans.		Level 2

ACTIVITY	ACCEPTABLE ON COMPLETION OF TASK	ACCEPTABLE BETWEEN CLEANING TASKS	PARTICULAR REQUIREMENTS	FREQUENCY LEVEL
Waste Collection & Disposal	Waste bins empty. Bin liner present, in good condition and free from impacted debris and soiling. Waste taken to designated disposal points.	Build up of litter and debris in bins between emptying.	Including but not limited to land fill & recyclable waste bins, fixed and moveable waste bins, fixed and moveable litter bins.	Level 1
Bin Washing	Dry and free from impacted or ingrained debris and removable stains. New bin liner in place.	Some stains arising from usage between cleans.		Level 2
Sweep	Free from removable dust, dirt and loose litter / debris.	Some litter or debris arising from usage between cleans.		Level 2

ACTIVITY	ACCEPTABLE ON COMPLETION OF TASK	ACCEPTABLE BETWEEN CLEANING TASKS	PARTICULAR REQUIREMENTS	FREQUENCY LEVEL
Drain flush, clean & Sanitize	Drains and surface drainage routes to drains free from build up of silt, dirt and debris Drains fully sanitised and free from odour.	Some debris arising from usage between cleans.	Surface dust to be removed with dust control mop prior to cleaning tasks. Avoid marks/ staining on walls, skirting boards and surrounding surfaces from mops and burnishing machine. <u>Inspection points</u> Behind furniture, fittings, bins, edges & corners. Under furniture, fittings, slip mats, barrier mats etc Floor drain away points.	Level 2
Spot Mop	Dry and free from spillages, removable stains, superficial marks and loose debris.	Some debris and spillages arising from usage between cleans.		Level 2

ACTIVITY	ACCEPTABLE ON COMPLETION OF TASK	ACCEPTABLE BETWEEN CLEANING TASKS	PARTICULAR REQUIREMENTS	FREQUENCY LEVEL
Full Mop	Has uniform appearance. Dry and free from spillages, removable stains, superficial marks and loose debris.	Some debris and spillages arising from usage between cleans.		Level 2
Scrub	Has uniform appearance. Dry and free from removable ingrained stains, spillages, ingrained dirt, scuffmarks and impacted debris.	Some debris and scuff marks arising from usage between cleans.		Level 2
Burnish / Polish	Has uniform appearance and even sheen. Dry and free from removable stains, spillages, scuffmarks and debris.	Some debris and scuff marks arising from usage between cleans.		Level 2

ACTIVITY	ACCEPTABLE ON COMPLETION OF TASK	ACCEPTABLE BETWEEN CLEANING TASKS	PARTICULAR REQUIREMENTS	FREQUENCY LEVEL
Consumables Replenishment	Filled to capacity, free running from dispenser with no obstruction.	Decreased amount of products arising from usage between replenishing. Some snagging from dispenser.	Including but not limited to: soap, hand towels, toilet tissue, facial tissue, sanitary disposal bags. <u>Inspection points</u> Dispensers filled All dispensers running free.	Level 1
Spot Clean	Free from visible loose debris, dust, fluff, lint, removable stains and matter.	Debris arising from usage between cleans.	Surface dust to be removed with dust control mop prior to cleaning tasks. Avoid marks/ staining on walls, skirting boards and surrounding surfaces from mops and burnishing machine. <u>Inspection points</u> Behind furniture, fittings, bins, edges & corners. Under furniture, fittings, slip mats, barrier mats etc.	Level 2

ACTIVITY	ACCEPTABLE ON COMPLETION OF TASK	ACCEPTABLE BETWEEN CLEANING TASKS	PARTICULAR REQUIREMENTS	FREQUENCY LEVEL
Full Suction Clean	Overall even appearance. Free from visible loose debris, dust, fluff, lint, removable stains and matter.	Debris arising from usage between cleans.		Level 2
Deep Clean	Free from impacted debris, dust, fluff and lint. Free from removable stains and matter. Overall bright appearance. Odour free.	Debris arising from usage between cleans.		Level 2
Dust	Surfaces up to 2.0 metres high are free from visible loose debris, dust and cobwebs.	Debris arising from usage between cleans.	Surface dust to be removed with dust control mop prior to cleaning tasks. <u>Inspection points</u> Door frame edges, inner side of doors Vision panels. Door handles, hand plates, kick plates, door returns, Corners and fitments.	

ACTIVITY	ACCEPTABLE ON COMPLETION OF TASK	ACCEPTABLE BETWEEN CLEANING TASKS	PARTICULAR REQUIREMENTS	FREQUENCY LEVEL
High Dust	Surfaces above 2.0 metres high are free from visible loose debris, dust and cobwebs.	Debris arising from usage between cleans.		Level 2
Damp Wipe / Spot Wash	Free from impacted debris, dust cobwebs, removable stains and graffiti.	Debris, dust and light stains arising from usage between cleans.		Level 2

1.3 Internal Station Environment (Staff Areas)

(Includes but is not limited to: Ceilings, Hard Floors, Soft Floors, Vertical Surfaces, Edges & Ridges, Fixtures & Fittings, Furniture, Lifts & Escalators, Sanitary Fittings and Mess Room Equipment).

ACTIVITY	ACCEPTABLE ON COMPLETION OF TASK	ACCEPTABLE BETWEEN CLEANING TASKS	PARTICULAR REQUIREMENTS	FREQUENCY LEVEL
Dust	Free from visible loose debris, dust and cobwebs.	Some debris arising from usage between cleans.	Surface dust to be removed with dust control mop prior to cleaning tasks. <u>Inspection points</u> Behind radiators Vertical & horizontal surfaces, edges and ridges, corners, underside edges.	Level 2
Damp Wipe / wash	Free from impacted debris, dust cobwebs and removable stains. Dry and has uniform appearance.	Some debris, dust and light stains arising from usage between cleans.		Level 2
Polish	Dry and free from removable stains, spillages, dust and debris. Has bright and even sheen.	Some debris and marks arising from use between cleans.		Level 2

Sanitize	Odour free. Showerheads sanitized.	Debris, dust marks and stains arising from usage between cleans. Odour from usage between cleans.	<u>Inspection points</u> Overflows, outlets, plugs, drainage points, U bends,	Level 1
Deep Clean	Free from impacted debris, dust, scale, verdigris, removable stains, body fats and fluids. Dry and uniform appearance. Odour free.	Debris, dust marks and stains arising from usage between cleans. Odour from usage between cleans.	Inner & outer surfaces, under rims, lower edges and surfaces. Seat, covers, hinges & crevices. All shower cubicle surfaces Soap outlets Underside of taps & shower heads de-scaled	Level 2

1.4 External Station Environments

(Includes but is not limited to: Parking Areas, Shelters, Ramps, Pavements and Kerbing, Stairs, Waste Storage and Confinement Areas, Vestibules and Entrances).

ACTIVITY	ACCEPTABLE ON COMPLETION OF TASK	ACCEPTABLE BETWEEN CLEANING TASKS	PARTICULAR REQUIREMENTS	FREQUENCY LEVEL
Sweep	Free from removable dust, dirt and loose litter / debris.	Some litter or debris arising from usage between cleans.		Level 2

Flush, clean & sanitize drains	Drains, gulley and surface drainage routes to drains free from build up of silt, dirt and debris. Gulleys and drains fully sanitised and free from odour.	Some debris arising from usage between cleans.		Level 2
---	--	--	--	----------------

1.5 Frequency Levels

1.5.1 Level 1 – Activity Frequency

ACTIVITY	LOCATIONS	PARTICULAR REQUIREMENTS	TIMING	FREQUENCY / RESPONSE TIMES
EMERGENCY RESPONSE	All areas without exception	Spillages, including rain water ponding, or items that may cause a slipping / tripping hazard. Affected area to be coned off and warning signs erected around area.	24Hrs / 7 days a week	Within 5 minutes of Reporting to Contractor
		Spillage cleared up, area dried and returned to normal usage.		Within 10 minutes of reporting to Contractor
LITTER PATROL (litter pick)	All internal areas accessible to the public, and external environment	All areas will be inspected for litter / Rubbish etc. All litter / rubbish removed. Litter / Rubbish posing a serious slipping / tripping risk, then will be dealt with as per Emergency Response	24Hrs / 7 days a week	Patrols every 30 minutes
GRAFFITI REMOVAL	All internal areas accessible to the public and external environment	If graffiti cannot be removed it must be report to Duty Manager who will arrange for Maintenance team to paint/cover over.	24Hrs / 7 days a week	Cleaning to commence within 5 minutes of reporting to Contractor
WASTE COLLECTION	Retail units	Collect waste from retail units and deposit to waste collection site via waste train.	As Required 06:00 – 22:00	Two collections per day

WINTER WEATHER PRECAUTIONS	External environment	Measures to be agreed by Employer	As requested	As requested by the Service manager

1.5.2 Level 2 – Activity Frequency

ACTIVITIES	FREQUENCY / RESPONSE TIMES
All Activities listed within this Part 1 of Appendix 1 to Annex 1.	As Required.

APPENDIX 1 TO ANNEX 1

PART 2

Customer Service Specification

1. Policy

Ebbsfleet International will employ a highly visible, competent and knowledgeable customer service team in and around the Station complex to ensure that the customers feel safe, secure and welcome every time they visit.

The Station Facility Operator will appoint customer services officers at the Station whose core activities will be customer service, station operations and security.

Additionally all staff of the Station Facility Operator will have safety roles and responsibilities under the station emergency plans which include fire evacuation, security threats and crowd control.

2. Procedures

All procedures provided under this customer service specification will comply with detailed descriptions contained in the Station Operations Manual, the contents page of which is set out in paragraph 6.0 of this Appendix 1 to this Annex 1, Part 2

3. Customer Services

3.1 Welcome Team

There will be a team of customer service officers during times at which the Station is open to the public to welcome the customers to the Station. The team will be very visible in and around the Station entrances and will carry out a number of activities to ensure all customers feel welcome and comfortable, they are as follows:

Meet & greet

Information provision

Wayfinding

Assistance

3.2 Disabled/Special Assistance

The customer service team will provide a service to all customers requiring disabled or special assistance, and will be given disability awareness training and be competent to operate assistance vehicles in the Station.

3.3 Passenger Information System

The Station control room will provide up-to-date arrivals and departure train running information via the passenger information system.

3.4 Announcements

An announcement, by exception policy will be introduced to provide an ambient station environment which is non-intrusive to customers, residents and neighbours. Safety and security announcements will be made throughout the Station as required by the Department for Transport in relation to security and in particular the Director of Transport Security and Contingencies or such other government department performing that function from time to time.

Announcements will be made when services are disrupted or when there are short notice platform changes.

4. Station Operations

There are a number of activities the customer service officers need to carry out to ensure the Station operates efficiently and effectively. All our processes are centred around the customers needs to ensure they enjoy their time at Ebbsfleet International. The processes can be found in the Station Operations Manual and detailed management of the following activities can be found:

Trolley management

Taxis management

Coach management

Station Control Room

5. Security

The customer service team will provide a high visibility presence at the Station 24 hours a day, carrying out security patrols in and around the Station and ensuring deliveries are scheduled and monitored.

CCTV, electronic access control and intruder detection systems will be monitored in the Station control room.

All employees will be provided with Railway Safety Accreditation training (RSAS).

6. Operations Manual – Contents Page

APPENDIX 6 TO ANNEX 1

(If present on or at the Station)

Traction Supply

Signalling Equipment

Driver only operation equipment and train despatch equipment being an integral part of the signalling system

APPENDIX 7 TO ANNEX 1

1. Railway Superstructure

- 1.1 Railway Superstructure means any structure that overlies the operational railway that is outside the Station boundary.

2. Railway Substructure

- 2.1 Railway Substructure means any structure that underlies the operational railway that is outside the Station boundary.

3. The Station

Not used.

ANNEX 2

QUALIFYING EXPENDITURE

1. Expenses of Common Station Services and Common Station Amenities

- 1.1 Subject to paragraph 3, all costs and expenses reasonably payable or incurred by the Station Facility Owner in providing or procuring the provision of the Common Station Amenities or the Common Station Services to Passenger Operators, or which can be properly attributed to the operation of the Station for or in connection with the provision by Passenger Operators of services for the carriage of passengers by railway, together with all (or, where the same relate to the whole of the Station, such proportion as can be properly attributed to that part of the Station used for or in connection with the provision by Passenger Operators of services for the carriage of passengers by railway), of the costs and expenses reasonably payable or incurred in or in procuring:
- (A) compliance with administrative and secretarial and other incidental obligations of the Station Facility Owner in connection with the Carbon Reduction Commitment and in Parts 2, 3, 8 and 11 and Conditions 24, 25, 27, 82.2 and 98;
 - (B) the payment of any existing or future rates taxes, charges, duties, assessments, impositions and other outgoings paid or payable by the Station Facility Owner in respect of the Station excluding:
 - (1) Value Added Tax, except to the extent that such Value Added Tax is not available for credit for the Station Facility Owner, or for any person with which the Station Facility Owner is treated as a member of a group for Value Added Tax purposes, under Sections 25 and 26 of the Value Added Tax Act 1994 and then only to the extent that such Value Added Tax is not recoverable under the Station Access Agreement;
 - (2) tax on the overall net income of the Station Facility Owner;
 - (3) taxes, interest and penalties arising by virtue of the Station Facility Owner's delay or default or failure to make an appropriate claim for relief or make such a claim timeously;
 - (4) taxes which do not relate to the period or events within the period of the Station Access Agreement;
 - (5) tax assessable on the Station Facility Owner in respect of consideration paid to the Station Facility Owner in connection with any dealing with its interest in the Station; and
 - (6) interest or penalties payable by the Station Facility Owner in consequence of the delay or default in the payment of such taxes and rates;
 - (C) the making or defending of any claim, litigation, lien, demand or judgement in respect of the Common Station Services and/or Common Station Amenities in accordance with these Station Access Conditions;

- (D) the payment of the fees and expenses of any professional adviser or valuer reasonably engaged by the Station Facility Owner in connection with any of the provisions of this Annex 2;
- (E) insurance in accordance with Condition 22.1, after deducting any commission or discount to or any person on behalf of the Station Facility Owner for effecting the relevant insurance policy;
- (F) any amount applied by the Station Facility Owner pursuant to Condition 23.1(A) on the occurrence of an Insured Risk (except where the Insured Risk has been caused by the Station Facility Owner's negligence or breach of the Station Access Agreement);
- (G) the costs attributable to :
 - (1) the Maintenance and/or Repair of those Elements of the Station and those items of Equipment the cost of the Maintenance and/or Repair of which is listed in the Elements Inventory or the Equipment Inventory as being Qualifying Expenditure;
 - (2) the Maintenance of any part of the Station which forms part of the Common Station Amenities or of any item of Equipment which is not referred to in the Elements Inventory or the Equipment Inventory ("Omitted Item") and is determined as being Qualifying Expenditure pursuant to Condition 103.1 or Part 2 of these Station Access Conditions;
 - (3) the Repair of any Omitted Item determined pursuant to Part 2 of these Station Access Conditions as being Qualifying Expenditure; and
 - (4) the painting and decorating buildings forming part of the Station Amenities pursuant to Condition 17.2;
- (H) 100% of the costs of the removal of Track Litter pursuant to Condition 66.1(P);
- (I) the services of the British Transport Police at the Station; and
- (J) the payment of the retainer fee of any person, body or institution engaged by the Station Facility Owner in connection with the provision of dispute resolution related services under Station Access Agreements,

together with a fee of 5.0% of the Qualifying Expenditure payable by the Passenger Operator in respect of that Accounting Year in respect of the overheads of the Station Facility Owner by way of a management fee for operating or procuring the operation of the Station.

2. **Calculation of Qualifying Expenditure**

2.1 In calculating the Qualifying Expenditure, the Station Facility Owner shall give credit for:

- (A) any insurance proceeds received in respect of matters which would otherwise have given rise to expenses for the purposes of the calculation of Qualifying Expenditure;

- (B) any money paid to the Station Facility Owner by way of damages to compensate for, or reimbursement of, costs which would otherwise be treated as expenses for the purposes of the calculation of Qualifying Expenditure; and
- (C) a fair and reasonable proportion of the costs and expenses properly attributable to such parts of the Station other than the Common Zone, Domestic Southbound Zone and International Zone, to the extent that such costs and expenses are not:
 - (1) excluded from the scope of Qualifying Expenditure; or
 - (2) otherwise credited to Qualifying Expenditure by the Station Facility Owner, pursuant to any other provision of the Station Access Agreement.

3. **Excluded Costs and Expenses**

- 3.1 The following costs and expenses shall not form part of the costs and expenses described in paragraph 1.1 of this Annex 2:
- (A) the costs and expenses of carrying out the Repair and Maintenance obligations of the Station Facility Owner under Part 4 save to the extent provided in paragraph 1.1(G) of this Annex 2;
 - (B) the costs and expenses of carrying out the Renewal obligations of the Station Facility Owner under Part 4;
 - (C) any amount payable by the Station Facility Owner to any person as a result of the failure of the Station Facility Owner to perform any obligation or of any warranty given by the Station Facility Owner not being true and accurate in all respects;
 - (D) costs incurred pursuant to Conditions 9.7, 23.4, 31.3, 61.2, 62.3, 63.1, 64.3 and 84.1;
 - (E) all costs and expenses relating to or incurred in connection with:
 - (a) the provision, staffing and cleaning of the ticket offices; and
 - (b) the provision and maintenance of the car park and all car parking facilities;
 - (F) the cost of the Existing Works;
 - (G) costs which are recoverable from any other party pursuant to the Building Contract(s) (as defined in Condition 21.1);
 - (H) costs in relation to the Maintenance, Repair and Renewal of any part of the Station let or intended to be let; and
 - (I) the cost of promotional and publicity activities unless previously approved by the Requisite Majority attributable to the Zone in which such activities are to take place.

4. **Sample Period**

- 4.1 Subject to paragraphs 4.2 and 4.3 of this Annex 2, the Sample Period is a period of two Timetable Weeks, one Timetable Week immediately following the Principal Change Date and one Timetable Week immediately following the Subsidiary Change Date, both occurring in the same Accounting Year. Each such Timetable Week shall be accorded a weighted significance determined by reference to the respective number of Timetable Weeks comprised in the Working Timetable in which such Timetable Week falls.
- 4.2 Where the Station Facility Owner reasonably believes that the Sample Period as set out in paragraph 4.1 is not representative of the Departures during an average Timetable Week in the relevant Accounting Year, the Sample Period shall be as agreed between the Station Facility Owner and the Passenger Operators with the Requisite Majority.
- 4.3 The Station Facility Owner and Passenger Operators are desirous of putting in place separate arrangements for the calculation of Departures during the London Olympic Games 2012, valid for a period as may reasonably be agreed between the Station Facility Owner and the Passenger Operators. During such period the Sample Period shall have such meaning as agreed by the Station Facility Owner and the Passenger Operators.
- 4.4 For the purposes of paragraphs 4.1 and 4.2:

"HS1 Network Code"	means the HS1 Network Code with respect to HS1 published by the Station Facility Owner as the owner of HS1 and as updated from time to time;
"NRIL Network Code"	means the Network Code with respect to the NR Network published by Network Rail and as updated from time to time;
"Principal Change Date"	has the meaning given to it in Part D of the HS1 Network Code or the NRIL Network Code (as applicable);
"Subsidiary Change Date"	has the meaning given to it in Part D of the HS1 Network Code or the NRIL Network Code (as applicable);
"Timetable Week"	has the meaning given to it in Part D of the HS1 Network Code or the NRIL Network Code (as applicable); and
"Working Timetable"	means any timetable of passenger railway services published or procured to be published to the public by the Station Facility Owner or Network Rail (as applicable) pursuant to Part D of the HS1 Network Code or the NRIL Network Code (as applicable).

ANNEX 3

COMMON STATION AMENITIES AND COMMON STATION SERVICES WHICH MAY BE CHANGED ONLY BY UNANIMOUS AGREEMENT OF ALL USERS

1. Reduction of the opening hours of the Station from those as at the Conditions Efficacy Date.
2. Any part of the Station necessary or expedient to enable access and egress to and from the Station by the Users their Associates and the public.

ANNEX 4

EXISTING WORKS AND ADJACENT WORKS

- | | | |
|----|---|---|
| 1. | Existing Works | |
| | (1) | Completion of snagging items and rectification of defects pursuant to the contracts for the construction of the Station or any part of it |
| | (2) | Fit-outs of areas within the Station subject to a lease or licence to occupy |
| | (3) | Fit-outs of the Domestic Southbound Zone, |
| | (4) | Fit-outs of the International Zone |
| 2. | Specifications of Existing Works | N/A |

7	Protective Provisions Agreement with London and South Eastern Railway Limited
8	Underlease granted by the Secretary of State
9	Ebbsfleet Property Management Agreement (containing provisions implementing Land Securities' 'lift & shift' rights)

ANNEX 6
[NOT USED]

ANNEX 7

CREDIT FOR FAILURE TO OPEN STATION DURING AGREED OPENING TIMES

1. In this Annex 7:

“**Relevant Amount**” means, in respect of any day on which the Station so fails to open, the whole or such part of:

- (1) in the case of the User’s Daily Total QX, 100% thereof; and
- (2) in the case of the User’s Daily Total LTC, 50% thereof

as is in each case equal to the proportion which the number of Vehicles operated by or on behalf of the User and due to depart from the Station on that day and which are affected by such failure to open bears to the total number of Vehicles operated by or on behalf of the User which are due to depart from the Station on that day;

“**User’s Daily Total QX**” means the Residual Variable Charge and Fixed Charges payable by a User during the current Accounting Year divided by the number of days in the Accounting Year in question on which the Vehicles operated by or on behalf of the User in question are due to depart from the Station; and

“**User’s Daily Total LTC**” means the share of Long Term Charge payable by a User during the current Accounting Year divided by the number of days in the Accounting Year in question on which the Vehicles operated by or on behalf of the User in question are due to depart from the Station.

2. On each occasion on which the Station is not open during the opening times set out in paragraph 5 of Annex 1 (other than as a result of a Force Majeure Event) and where a User has a Vehicle which is affected by the Station not being open, the User’s Daily Total QX and the User’s Daily Total LTC shall be credited by the Relevant Amount.
3. For the purposes of paragraph 2 of this Annex 7, a Vehicle shall be affected by such failure to open if the Station is not open at any time during the period commencing 30 minutes prior to the scheduled arrival of such Vehicle (45 minutes in respect of the scheduled arrival of Vehicles operated by International Passenger Operators) and ending 15 minutes after its scheduled departure.

ANNEX 8

SPECIFIED PROVISIONS

1. The Conditions Efficacy Date is 19 November 2007.
2. The Environmental Liability Commencement Date is 19 November 2007 or the date upon which a User first operated railway services into the Station pursuant to a Station Access Agreement (if later).
3. The amount referred to in the definition of “Long Term Charge” is [£769,000]³ per annum.
4. The percentage referred to in the definition of “Requisite Majority” is:
 - 4.1 In respect of the Station: 85%;
 - 4.2 In respect of the Common Zone: 80%;
 - 4.3 In respect of the International Zone: 51%; and
 - 4.4 In respect of the Domestic Southbound Zone: 51%.
5. The relevant special conditions referred to in Condition 1.4 are:

None.

³ To be confirmed.

ANNEX 9

PRODUCTION OF SPECIFICATIONS

1. This Annex shall apply to the determination of specifications for the Repair, Maintenance and Renewal of any Elements of the Station or Equipment or in respect of the provision of any Common Station Service as may be requested by the Requisite Majority of the Common Zone from time to time.
2. The Station Facility Owner shall as soon as reasonably practicable after receipt of a request pursuant to paragraph 1 above, deliver to each User its proposals for those specifications including any appropriate quality, quantum or response time standards in accordance with the asset stewardship obligations set out in the Concession Agreement and/or the HS1 Lease.
3. Following the preparation of its proposals for the specifications referred to in paragraph 2 of this Annex 9, the Station Facility Owner shall propose a Conditions Change Proposal in respect of such specifications.

ANNEX 10

ADDITIONAL AMENITIES AND SERVICES PROVIDED IN THE INTERNATIONAL ZONE

1. Definitions and Interpretation

This Annex shall apply to the International Zone only. In this Annex 10, the following definitions shall apply:

"Consents" means all approvals, consents, licences, permissions, certificates and agreements required from any statutory or regulatory body, local authority, Control Authority or any other person for the purposes of the provision of the Designated Amenities and/or Designated Services;

"Control Authority/ Authorities" means those Governmental bodies or agencies (whether from the United Kingdom or other countries) whose presence, consent or authority is or may be required in order to operate International Services;

"Costs" means all costs and expenses reasonably payable or incurred by the Principal International Operator (including, for the avoidance of doubt, a management fee) in providing or procuring the provision of the Designated Amenities and the Designated Services;

"Designated Amenities" means the Common Station Amenities to be provided or procured by the Principal International Operator pursuant to this Annex 10;

"Designated Services" means the Common Station Services to be provided or procured by the Principal International Operator pursuant to this Annex 10;

"Fixed Charges" has the meaning given to it in Condition 88.1;

"International Services" means railway services operated by an International User which depart from or arrive at destinations outside the United Kingdom;

"International User" means either an International Passenger Operator or an International Non Passenger Operator;

"Principal International Operator" means, in respect of each relevant Accounting Year, the International Passenger Operator who during the relevant Accounting Year bears the highest proportion of Common Charges save that where the International Passenger Operator who bears the highest proportion of Common Charges in any Accounting Year does not wish to act as the Principal International Operator, then the Principal International Operator shall be the International Passenger Operator who bears the highest proportion of the Common Charges, of those International Passenger Operators who wish to act as the Principal International Operator;

"Restricted Zone" means the zone within the Station designated by TRANSEC as the restricted zone;

"Successor Operator" means the person engaged by the Station Facility Owner to provide the Designated Amenities and Designated Services in substitution for the Principal International Operator; and

"TRANSEC" means the Department for Transport in relation to security and in particular the director of Transport Security and Contingencies or such other government department performing that function from time to time.

2. **Commencement and Termination**

2.1 This Annex 10 shall be effective from 23 August 2010.

3. **Common Station Amenities and Common Station Services**

3.1 The Common Station Amenities and the Common Station Services referred to in the second column of the following table shall be provided within the International Zone by the person identified in the third column of the table:

Para	Common Station Amenities and Common Station Services	Responsibility for Provision
3.1	The provision, maintenance and administration of accommodation required for the Control Authorities in the Station.	Station Facility Owner
3.2	Negotiation with the Control Authorities to minimise the costs of the accommodation required for the Control Authorities at the Station	Station Facility Owner
3.3	Obtaining and maintaining at all times the approvals necessary for the Station to operate as a Port under the Channel Tunnel (Customs and Excise) Order 1990.	Station Facility Owner
3.4	Provision to each International User, as soon as possible, of copies of all correspondence with the Control Authorities which may reasonably impact on that International User's ability to run International Services.	Station Facility Owner
3.5	Informing International Users of any material issues raised by the Control Authorities concerning the operation of the Station or the accommodation provided to the Control Authorities in the Station.	Principal International Operator

3.6	Facilities and services for ticket purchase or retrieval by the passengers of the international passenger services operating from the Station.	Station Facility Owner
3.7	A reasonable number of wheelchairs, other suitable transport and ramps for customers with impaired mobility to allow them safe wheelchair access to and egress from trains.	Principal International Operator
3.8	Customer seating on the concourses.	Principal International Operator
3.9	Agreeing with the Control Authorities operational practices that will apply to the International Zone from time to time.	Principal International Operator
3.10	Such security measures as the Station Facility Owner reasonably considers necessary.	Principal International Operator
3.11	Access to check-in, security, customs and border control infrastructure in the arrival and departure areas in the International Zone as configured by the Principal International Operator and the relevant Control Authorities.	Principal International Operator (Note: from the time which falls 30 minutes after the departure of the last international service in each Day until the time which falls 30 minutes prior to the scheduled departure of the first international service on the subsequent Day, the Station Facility Owner).
3.12	Operation of the passenger information system in the International Zone.	Principal International Operator (Note: from the time which falls 30 minutes after the departure of the last international service in each Day until the time which falls 30 minutes prior to the scheduled departure of the first international service on the

		subsequent Day, the Station Facility Owner).
3.13	Obtaining and maintaining the approval of TRANSEC, and specifically controlling the Restricted Zone as designated by TRANSEC from time to time.	Principal International Operator or any person designated by TRANSEC from time to time with the consent of the Principal International Operator
3.14	Provision of security services sufficient to comply with the TRANSEC requirements at a minimum, and at such additional levels it considers appropriate given the operating climate at the Station at the relevant time.	Principal International Operator or any person designated by TRANSEC from time to time with the consent of the Principal International Operator

- 3.2 If and to the extent that the Common Station Amenities and the Common Station Services are provided by the Principal International Operator pursuant to this Annex 10, they must be provided to all the International Users in a non-discriminatory manner.

4. **Provision of Designated Services and Designated Amenities**

- 4.1 The standard of provision of the Designated Services and Designated Amenities listed in paragraph 3 above shall not be lower than the standard required by any applicable specification set out in Appendix 1 to Annex 1 or, where no applicable specification is set out in Appendix 1 to Annex 1, the standard previously provided by the Station Facility Owner.
- 4.2 In providing the Designated Services and Designated Amenities, the Principal International Operator shall procure that all the requirements of the applicable specifications set out in Appendix 1 to Annex 1 are complied with, and that all staff employed to provide such services are appropriately trained and competent to provide them.
- 4.3 Until there are two or more International Passenger Operators, Section A of Part 11 (Performance Monitoring Regime) shall not apply to any Designated Amenity or Designated Service.
- 4.4 At times where there are two or more International Passenger Operators:
- 4.4.1 The Principal International Operator shall comply with the obligations imposed on the Station Facility Owner by Section A of Part 11 in place of the Station Facility Owner insofar as such obligations relate to the Designated Amenities and Designated Services.

- 4.4.2 The Principal International Operator shall indemnify the Station Facility Owner in respect of any Performance Payments insofar as the same is attributable to the Designated Amenities and/or Designated Services that the Station Facility Owner is required to make to an International User pursuant to Section A of Part 11.
- 4.4.3 The Principal International Operator shall keep the Station Facility Owner fully advised of all Performance Measurements undertaken in accordance with Condition 47.5.
- 4.5 The Principal International Operator shall in relation to the Designated Amenities and Designated Services comply with the obligations imposed on the Station Facility Owner by Conditions 52 and 54 and Condition 66.1 (B), (C), (D), (E), (F), (H), (I), (J) (L) and (R) (Station Facility Owner's Obligations) of the Station Access Conditions. The Station Facility Owner shall have the rights given to Users under Condition 66.3 where the Station Facility Owner reasonably believes that the Principal International Operator has not used all reasonable endeavours to minimise the costs of the operation and maintenance of the Station pursuant to Condition 66.1(E). In this regard, when interpreting such obligations, references to the 'Station Facility Owner' shall be deemed to have been replaced with references to the 'Principal International Operator' (where applicable).
- 4.6 The Station Facility Owner shall have the rights given to Users under Condition 66.3 where the Station Facility Owner reasonably believes that the Principal International Operator has not used all reasonable endeavours to minimise the costs of the operation and maintenance of the Station pursuant to Condition 66.1(E). In this regard, when interpreting such rights, references to the "User" shall be deemed to have been replaced with references to the "Station Facility Owner" and references to the "Station Facility Owner shall be deemed to have been replaced with references to the "Principal International Operator" (in each case, where applicable).
- 4.7 The Principal International Operator and the Station Facility Owner shall provide each other with copies of any notices they may receive from an International User pursuant to Condition 54.1 as soon as reasonably practicable. The Station Facility Owner shall also be entitled to serve a notice pursuant to Condition 54.1 with regard to any of the Designated Amenities and Designated Services.
- 4.8 Where the Station Facility Owner or a User have served a notice pursuant to Condition 54.1 for the same works in relation to any of the Designated Amenities and Designated Services, in the absence of rectification by the Principal International Operator within the requisite period, the Station Facility Owner may carry out such works. The Principal International Operator shall reimburse the Station Facility Owner the costs and expenses properly and reasonably incurred by the Station Facility Owner in carrying out such works.
- 4.9 The Station Facility Owner shall use its reasonable endeavours to procure that any other International User complies with their obligations under the Station Access Conditions to enable the Principal International Operator to provide the Designated Services and the Designated Amenities in accordance with this Annex 10 and otherwise to comply with its obligations under this Annex 10.

- 4.10 If any of the International Users is reasonably not satisfied with the standard of the Designated Amenities and/or the Designated Services, it shall be entitled to notify the Principal International Operator with the details of its complaint. Within 15 days of the receipt of such notice, the Principal International Operator shall notify the International User(s) who raised the complaint of the steps (if any) it reasonably believes need to be taken by it to remedy the complaint. If within 15 days of the issue of the notice by the International User(s) who raised the complaint the Principal International Operator does not remedy the complaint, the International User(s) who raised the complaint shall meet with the Principal International Operator to discuss the matter. If within 30 days of such meeting between the International User(s) who raised the complaint and the Principal International Operator the matter has not been resolved by agreement, the matter shall be referred to the Station Facility Owner in accordance with paragraph 4.11.
- 4.11 If, after following the procedure in paragraph 4.10, any of the International Users, acting reasonably, are dissatisfied with the standard of the Designated Amenities and/or the Designated Services provided by the Principal International Operator, it shall be entitled to notify the Station Facility Owner with the details of its complaint. Within 15 days of the receipt of such notice, the Station Facility Owner shall notify the Principal International Operator about the complaint with the steps (if any) it reasonably believes need to be taken by the Principal International Operator to remedy the complaint. If within 15 days of the issue of the notice by the Station Facility Owner the Principal International Operator does not remedy the complaint, the Station Facility Owner shall meet with the Principal International Operator to discuss the matter. If within 30 days of such a meeting between the Station Facility Owner and the Principal International Operator the matter has not been resolved by agreement between the Station Facility Owner and Principal International Operator, the matter shall be submitted to the Disputes Resolution Procedure.

5. **Changes to this Annex 10**

- 5.1 The Principal International Operator shall be entitled to elect in writing to provide, or to secure the provision of, any of the Common Station Services specified in paragraphs 3 and 4 of Annex 1 in or to the International Zone only.
- 5.2 The Principal International Operator shall be entitled to request, in writing, the ability to provide, or to secure the provision of, any Common Station Amenity specified in paragraphs 1 and 2 of Annex 1 in or to the International Zone only. Subject to obtaining the written consent of the Station Facility Owner to such request (such consent not to be unreasonably withheld) the request shall become an election to provide the Common Station Amenity in question in or to the International Zone.
- 5.3 If the Principal International Operator has made an election under paragraph 5.1 or 5.2 above in respect of a Common Station Service or Common Station Amenity then the Station Facility Owner shall (subject to satisfactory completion of such contractual and statutory processes as it is required to complete before the Principal International Operator may provide or procure the Common Station Service or Common Station Amenity in question) designate the Principal International Operator as the party responsible for the provision or procurement of that Common

Station Service or Common Station Amenity to International Users pursuant to this Annex 10. For the avoidance of doubt, the Principal International Operator shall not be required or entitled to provide or procure any Common Station Service or Common Station Amenity other than those listed in this Annex 10.

- 5.4 Upon the addition of the provision of a new Designated Amenity or Designated Service by the Principal International Operator pursuant to paragraph 5.3 above, such amenity or service shall be added to this Annex 10 and (if applicable) deleted from Annex 1 with regard to provision within the International Zone.
- 5.5 Upon termination of the provision of a Designated Amenity or Designated Service by the Principal International Operator, such amenity or service shall be deleted from this Annex 10 and added to Annex 1 with regard to provision within the International Zone.
- 5.6 Until the date upon which there is more than one International Passenger Operator, any additions to and/or deletions from the table in paragraph 3 of this Annex 10 (and consequential deletions and additions to Annex 1 that reflect the changes being made to this Annex 10) pursuant to this paragraph 5 shall not amount to a Conditions Change Proposal.
- 5.7 Prior to each occasion upon which a new International Passenger Operator is to be granted permission to use the Station, the Station Facility Owner and Principal International Operator shall review this Annex 10 to ascertain what changes (if any) need to be made to it and to Annex 1 and carry out such changes as agreed between the parties.
- 5.8 The parties shall amend this Annex 10 to reflect any agreement between the parties with regard to the operation and maintenance of the International Zone in order to ensure efficient operation of the Station and compliance with the relevant law.

6. **Cooperation**

- 6.1 The Station Facility Owner and the International Users shall cooperate together to ensure that International Services can continue to operate from the Station at all times at which the Station is open.
- 6.2 The Station Facility Owner and the Principal International Operator shall meet on a regular basis (such basis to be agreed from time to time) to discuss the operation of the Station as a Port under the Channel Tunnel (Customs and Excise) Order 1990 and to resolve any issues arising. The Station Facility Owner and the Principal International Operator shall discuss whether to include representatives from the Control Authorities at such meetings.
- 6.3 The Principal International Operator and the Station Facility Owner shall co-operate with each other in connection with the provision of the costs information to be provided to any new International Passenger Operator who wishes to be granted permission to use the Station.

7. **Charging**

- 7.1 The Principal International Operator shall be entitled to recover the Costs from the Station Facility Owner. For the avoidance of doubt the Costs charged to the Station Facility Owner shall form part of the Qualifying Expenditure and shall be designated as directly attributable to the International Zone.
- 7.2 No later than 75 days prior to the commencement of each Accounting Year, the Principal International Operator shall be required to provide the Station Facility Owner with:
- 7.2.1 its best estimate of the Costs for that Accounting Year (separately showing the amount of any management fee) together with a full breakdown that indicates how such Costs have been calculated; and
- 7.2.2 details of the Fixed Charges it is prepared to accept for each Designated Amenity and Designated Service for which an International Passenger Operator has requested a Fixed Charge and of any other Fixed Charges it is prepared to offer for the relevant Accounting Year together with a full breakdown that indicates how each such Fixed Charge has been calculated.
- 7.3 Within 5 days of the receipt of the information specified in paragraph 7.2, the Station Facility Owner may seek clarification or further information as is reasonable from the Principal International Operator and shall notify the Principal International Operator if it does not agree with any aspect of the Costs proposed by the Principal International Operator for that Accounting Year.
- 7.4 Within 5 days of the notice referred to in paragraph 7.3, the parties shall meet to discuss the matter and agree the Costs for that Accounting Year. The Station Facility Owner and the Principal International Operator shall negotiate with each other with a view to reaching agreement as soon as reasonably practicable and no later than 60 days prior to the commencement of the relevant Accounting Year.
- 7.5 If the Station Facility Owner and the Principal International Operator fail to reach agreement with each other on the amount of the Costs for that Accounting Year 60 days prior to the commencement of the relevant Accounting Year, the dispute shall be referred for determination pursuant to the Disputes Resolution Procedure by the Station Facility Owner.
- 7.6 The Station Facility Owner shall keep the Principal International Operator advised of the progress of any negotiations and proceedings with regard to the agreement or determination of any Fixed Charge payable by an International Passenger Operator for any of the Designated Amenities and/or Designated Services, copying relevant correspondence to the Principal International Operator, and shall consult with the Principal International Operator throughout such processes.
- 7.7 The Station Facility Owner shall not agree with any International Passenger Operator a Fixed Charge for any Designated Amenity or Designated Service without first obtaining the consent of the Principal International Operator of that Fixed Charge (such consent not to be unreasonably withheld or delayed).

- 7.8 In relation to any procedure to determine a Fixed Charge payable for any Designated Amenity or Designated Service, the Station Facility Owner shall act in accordance with steps that have been previously agreed with the Principal International Operator, each party being required to act reasonably in agreeing such steps. The Station Facility Owner's reasonable view shall be final where agreement cannot be reached.
- 7.9 The Principal International Operator shall indemnify the Station Facility Owner for and against all costs and expenses properly incurred by the Station Facility Owner in complying with this Annex 10 which would not have been incurred had the Station Facility Owner been providing such Designated Amenities and Designated Services rather than the Principal International Operator.

8. **Indemnity**

- 8.1 Subject to Condition 57.6 and to paragraph 8.2 below, the Principal International Operator shall (on an after tax basis) indemnify the Station Facility Owner and keep it indemnified, against all damage, losses, claims, proceedings, demands, liabilities, costs, damages, orders and out of pocket expenses (including costs reasonably incurred in investigating or defending any claim, proceedings, demand or order and any costs and expenses reasonably incurred in preventing, avoiding or mitigating loss, liability or damage) incurred or suffered by it as a result of any failure by the Principal International Operator to provide the Designated Amenities and/or Designated Services to the standard and quantum and during the times required by the Station Access Conditions or otherwise as a result of a breach by the Principal International Operator of any of its obligations under this Annex 10
- 8.2 The limitations on claims referred to in Condition 57.6 shall not be applied to a claim by the Station Facility Owner against the Principal International Operator under this paragraph 8 where such claim is in respect of a claim that has been made by another User against the Station Facility Owner and where the limitations in Condition 57.5 have already been applied in assessing that claim.

9. **Termination**

- 9.1 The Principal International Operator may terminate the provision of any Designated Amenity or Designated Service by the Principal International Operator by giving 12 months' written notice to terminate.
- 9.2 Upon the occurrence of any of the following events, the Station Facility Owner may terminate the provision of all or any (as appropriate) Designated Amenity and/or Designated Service by the Principal International Operator at any time by giving one month's written notice to terminate:
- 9.2.1 an Insolvency Event (as defined in the Principal International Operator's Station Access Agreement) occurs in respect of the Principal International Operator; or
 - 9.2.2 the Principal International Operator has failed to provide any Designated Amenity or Designated Service in accordance with the requirements of this Annex 10, or otherwise as required by the Station Access Conditions,

where the failure (if capable of remedy) is not remedied within the reasonable period specified, in writing, by the Station Facility Owner.

9.3 In the event of a Change of Control of either the Station Facility Owner or the Principal International Operator, the other party may terminate the provision of all or any Designated Amenity or Designated Service by the Principal International Operator by giving six months notice to terminate at any time within twelve months of the Change of Control.

9.4 In this paragraph 9 "**Control**" means in relation to a body corporate the power of a person to secure that its affairs are conducted in accordance with the wishes of that person by means of the holding of shares or the possession of voting power in or in relation to that or any other entity by virtue of any powers conferred by the articles of association or any other contract regulating that or any other entity; and a "**Change of Control**" shall occur if a person who controls any body corporate ceases to do so, or if another person acquires control of it, provided that no change shall be deemed to occur as a result of a reorganisation of the Station Facility Owner's group or the Principal International Operator's group which does not result in any change to the identity of the ultimate beneficial and legal owners (and their respective proportionate beneficial and legal ownership) of such groups. For these purposes, "group" shall bear the meaning given in section 1261 of the Companies Act 2006.

10. **Handover**

10.1 **Handover Date**

Upon replacement of the Principal International Operator, the Successor Operator shall assume the obligations of the Principal International Operator under this Annex 10 from a handover date specified in writing by the Station Facility Owner (the "**Handover Date**"), after having consulted with both the Successor Operator and the Principal International Operator over the handover period they each require. The Station Facility Owner shall be required to act reasonably in specifying the handover date.

10.2 **Continuation**

10.2.1 The Principal International Operator shall provide the Designated Amenities and Designated Services with the intent that:

- (A) a Successor Operator, having obtained all necessary Consents, would be able to take over the provision of the Designated Amenities and Designated Services on the Handover Date; and
- (B) without prejudice to the rights and obligations of the Principal International Operator to provide the Designated Amenities and Designated Services in accordance with the terms of this Annex 10, the provision of such Designated Amenities and Designated Services shall be transferred, in the manner contemplated under this Annex 10, with a minimum of disruption thereto and continued immediately thereafter by a Successor Operator.

10.3 **Non-Frustration of Transfer**

The Principal International Operator shall take no action or steps which are designed, directly or indirectly, to prejudice or frustrate the transfer of the provision of the Designated Amenities and Designated Services to a Successor Operator and shall not omit to take such actions and steps as may be reasonably required to assist in such transfer upon such terms as to reimbursement of costs and otherwise may be reasonable.

10.4 **Assistance in Securing Continuity**

In order to facilitate the continuity of the provision of the Designated Amenities and Designated Services in accordance with the provisions of this paragraph 10, the Principal International Operator shall take such steps, both before and after the term of this Annex 10, as the Station Facility Owner may reasonably require, to assist and advise any Successor Operator in the provision of the Designated Amenities and Designated Services. The Station Facility Owner shall reimburse the Principal International Operator for all reasonable costs and expenses properly incurred by the Principal International Operator in complying with its obligations under this paragraph 10.4.

10.5 **Records**

10.5.1 The Principal International Operator shall hand over all information and records maintained in respect of the provision of the Designated Amenities and Designated Services (except to the extent prohibited by a Legal Requirement) in the possession or under the control of the Principal International Operator to the Station Facility Owner or the Successor Operator (as may be applicable) on the Handover Date. For the purposes of this paragraph 10 "under the control of the Principal International Operator" shall be deemed to include the information and records maintained by the Principal International Operator's sub-contractors which the Principal International Operator is able to obtain from its sub-contractors using reasonable endeavours. The Principal International Operator shall be entitled to retain copies of the records for such period as may be reasonably necessary.

10.5.2 The Principal International Operator shall allow any Successor Operator or potential Successor Operator (as may be notified by the Station Facility Owner from time to time) access to the information and records referred to in paragraph 10.5.1 above for the purposes of inspection. The Principal International Operator shall allow any such Successor Operator or potential Successor Operator to take copies of such information and records.

11. **Accounts**

11.1 Without prejudice to any obligation of the Principal International Operator under any licence and the Railway Regulations, the Principal International Operator shall:

- (A) keep accounts in respect of the Station which relate solely to the provision of the Designated Amenities and the Designated Services by the Principal International Operator; and

- (B) maintain such accounts in such a way as to enable all material revenue and expenditure to be clearly distinguished and to identify any contribution by any person towards the cost or expense of the foregoing.
- 11.2 Without prejudice to any obligation of the Principal International Operator under any licence and the Railways Regulations, the accounts to be kept and maintained by the Principal International Operator in accordance with paragraph 11.1 shall at all times:
 - (A) be kept up to date and to a standard which is at least sufficient to enable the Station Facility Owner properly to assess the costs of the Designated Amenities and the Designated Services; and
 - (B) include financial accounts and information in respect of each Accounting Year and Accounting Half-Year with regard to each Designated Amenity and Designated Service.

12. **Inspection of books, records and accounts**

- 12.1 The Station Facility Owner shall be entitled to inspect (or procure that its agents or representatives inspect) the books, records and accounts kept by the Principal International Operator in respect of the provision of the Designated Amenities and the Designated Services, including any financial and operational records, at any reasonable time upon reasonable notice to the Principal International Operator.

13. **Convening of International Zone Meetings**

- 13.1 The Principal International Operator shall within 14 days following receipt of notice in writing from any International User requisitioning a meeting and specifying the business proposed to be carried out at that meeting convene a meeting by giving not less than 14 days, and not more than 28 days, notice to all International Users and the Station Facility Owner specifying:
 - (A) the date, venue and time of that meeting; and
 - (B) the business of the meeting (which shall include any necessary supporting documentation).
- 13.2 The period of notice for convening a meeting notified in accordance with paragraph 13.1 may be waived prospectively or retrospectively with the consent in writing of all the International Users and the Station Facility Owner.
- 13.3 Those entitled to attend and speak at such a meeting are the Principal International Operator, all International Users, the Station Facility Owner and their professional advisers.

ANNEX 11

PART 17B DEFINITIONS

In Part 17B, unless the context requires otherwise:

"Common Zone LTC" means 27.61% of Long Term Charge provided that, where:

- (i) the Station is used by one or more Domestic Southbound Passenger Operators, but not any International Passenger Operator, the Common Zone LTC for the Station shall be increased by the full amount of the International Zone LTC for the Station; or
- (ii) the Station is used by one or more International Passenger Operators, but not any Domestic Southbound Passenger Operator, the Common Zone LTC for the Station shall be increased by the full amount of the Domestic Southbound Zone LTC for the Station;

"Domestic Southbound Zone LTC" means 30.37% of the Long Term Charge; and

"International Zone LTC" means 42.02% of the Long Term Charge.

ANNEX 12

PLANNING CONSENTS

Planning Consents

1. The relevant consent granting body for works affecting Ebbsfleet International Station is Dartford and Gravesham Borough Councils. Prior approval of Dartford and Gravesham Borough Councils is required in respect of any works involving the siting, design, external appearance and landscaping of the development and layout.
2. Any development at Ebbsfleet International Station shall be carried out in accordance with arrangements approved by Dartford and Gravesham Borough Councils, in respect of the following matters:
 - 2.1 Handling or re-useable spoil and top soil
 - 2.2 Storage sites
 - 2.3 Construction camps
 - 2.4 Screening
 - 2.5 Hours of working
 - 2.6 Artificial lighting
 - 2.7 Suppression of noise dust and vibration
 - 2.8 Mud on highway
 - 2.9 Highway access
3. Any development at Ebbsfleet International Station shall also be carried out in accordance with the arrangements approved by Kent County Council, with respect to the means and routes by which anything is to be transported on a highway by a large goods vehicle (within the meaning of Part IV of Road Traffic Act 1988) to a working or storage site, a site where it will be re-used or a waste disposal site.
4. References should also be made to Schedule 6 of the CTRL Act to confirm the scope of the developmental arrangements and standard conditions which apply to any consent received by a party pursuant to that Act.
5. Works which affect the public highway or property of the highway authority will require prior approval of Kent County Council.

Other Consents:

1. Environmental Consents – the Environment Agency.
2. Protective provisions exist in respect of utility companies and other statutory undertakers.

ANNEX 13

PERFORMANCE PAYMENTS

The figures in this Annex 13 are on the basis of an Accounting Period of 28 days and are subject to change in accordance with Condition 47.5(A) for Accounting Periods of a different length, or where the Station is not open to the public on one or more day(s) during the Accounting Period.

Measured Services	Performance Events	Asset Quantity	Max Hours availability in Accounting Period (“HT _{AP} ”)	Baseline Hours – To be established on or before 01 April 2011 (“BL _{AP} ”)									Performance Bands						
													PER _{AP} < 0.5%	0.5% ≤ PER _{AP} <1.0%	1.0% ≤ PER _{AP} < 2.0%	2.0% ≤ PER _{AP} < 3.0%	3.0% ≤ PER _{AP} < 4.0%	4.0% ≤ PER _{AP} < 25%	PER _{AP} > 25%
